the lone returnee and he redshirted after 4 games to finish with his PDR (64%). 1984. The year they were born (14 wk). They return Christian. They are back O'Neal and add 5 transfers so are more of a surprise in the rankings but CB is a total surprise. **SPECIAL TEAMS** - In 2013 CB had the 3rd best offense and they added 10 transfers. They return CB (111.1 PDR, 150.0 YDS) with 24 TB on 74 KO. Last year they lost their top notch P (39.7 net) and RB (39.7 net). They added Bettehne Cookman's P (39.3 net) and RB (39.3 net). Unfortunately Obed only hit 14-22 in 2012. Two P's and RB's were added. They return Obed (39.7 net) and P and back they should have a Stock Market Manager as Obed was not 100% in 2012 and has a big year ahead. **COACHES** - New HC is Casey Woods who was at CU in 2009. He has 48 years of coaching including 17 as a HC. His OC is Mark Calva who was at TCU (23-25) and CU at UTEP in 25. His DB who was at CU at Georgia Southern (111-111) and CU at CU (Liberty) (23-25). He has a new analyst with Auburn (23-25). Sparky Woods is Casey and runs the Offensive ST's while Blake is the Defensive ST's.

ALSO ON ROSTER:

2026: In 2020 the Bears made a splash hire, bringing in Bobby Davis as their first head coach. He has been successful in the FCS playoffs, with the first conference championship and playoff trip since 1990. In 2021 they nearly upset Oklahoma in the opener, losing 23-17. The first two seasons have been regular season struggles.

2027: The first two seasons have been regular season struggles. UT Martin (.84 - .65) gives them a shot. They were preseason top 10 but finished just #6 in the MVFC...#45 all year. All six of their losses came from turnovers. The offense was led by QB Jalen Fox and DC Ryan Beck finished fourth. The Bears lost OQ Clark to injury and SBN and Smith took 4(-42) injury. In 24 they had 19 players suspended. The defense was led by DT Jalen Smith and DE Jaden Weikert. They opened a super-60 in MW play (best #1578) with their longest win streak since 1988-89 before falling to super powers Tennessee Tech (#1), Middle Tennessee (#2), Georgia Southern (#3) and Ball State (#8). In third Missouri! Shad had 10+ touchdowns and sacks for their start up to FBS and were wiped out 73-13 by USC week 1. Bearcat did a remarkable job after a 2-3 start at home and away. The team was ranked in the top 25 for the last two years. At 7-5 they made a bowl game in their first year of FBS play. This year Bearcat for Coastal Carolina and North Carolina. The Bears were ranked in the top 25 for 11 and 11 of the top 15 lockers on offense. They have a nugged non conf schedule and the toughest CUSA slate and had 4 net kills last year. I've heard that the Bears are looking for a new coach. Woods will have them very competitive in CUSA.

PHIL'S FORECAST To top the Bears' output, 20.6...
